

Overview

I tried to build a test in which the questions would be listed chronologically by their topic so that you could keep your facts together in your mind by time period. Sadly, the test generator would not let me do that because it insists on grouping questions by “type of question”. So the questions appear chronologically by type of question.

Multiple Choice Questions

Chapter 2 Europeans Encounter the New World 1492-1600

1. Columbian Exchange
2. Spanish colonial social organization
3. Causes of Spanish importation of African slaves
